Author Biography

Philippines-based illustrator Kerby Rosanes works mainly with ordinary black pens to magically illustrate his "doodle" world. Most of his works are characterized by whimsical lines, patterns, characters and little elements that are spontaneously combined to create massive compositions depicting his everyday experiences or anything that inspires him. He recently left his job as a graphic designer in a local company to finally pursue his passion: creating more art for personal projects and for various clients and collaborating with other artists and design agencies around the world.
