

Inspector Metropolis

INTRODUCTION

Inspector Metropolis and Constable Magnate are operating undercover on an incredibly important mission. They are trying to track down world-renowned villains in some of the busiest and most vibrant cities on the planet.

Your mission, should you choose to accept it, will take you on a whistle-stop tour of the globe. Can you help the police gather evidence at each crime scene by finding and correctly counting the clues in each city to help them crack the criminal case?

INSTRUCTIONS

1. Each city includes a checklist, showing the items you need to count and boxes to write your answers in.

2. Add up all of your answers. Does your total match the number in the total box that the police wrote down?
