

## Learn to Write 123 Just Follow the Dots

Nancy Meyers

### Keynote

*Learn to Write 123* encourages children to follow the dots to form numbers and use their skills to complete pictures, it's as simple as 1, 2, 3.

### Description

This book encourages children to follow the dots to form numbers, it's as simple as 1, 2, 3.

Once they've mastered forming each number, they can use their skills to complete pictures.

From transforming '1's into zebra stripes to drawing groovy glasses using the number 9, teaching children to form numbers one to nine has never been more fun!

### Sales Points

- Make learning numbers a breeze, with this book full of simple dot-to-dot doodles to create and complete
- *Learn to Write 123* is packed with dot-to-dot drawings to guide pre-schoolers into holding a pen correctly while familiarizing themselves with numbers
- Young doodlers can then enjoy transforming the quirky illustrations using the numbers they have just learnt: complete the buzzing bumble bees (number 3), fill the sky with kites (number 4), put the noses on the funny faces (number 2)
- Please note that this title is a reissue of *123 Doodles*
