

INTRODUCTION

Let the dice decide what you doodle, draw, colour and write in this book. There are creatures to create, monsters to mash up, names to randomize, superheroes to assemble, adventures to plot, futures to predict and much more.

HERE'S WHAT YOU DO ...

To complete a mash-up, all you do is roll your dice. The first number you get shows you what part of a drawing or word you need to draw or write to start with. Roll again and again to add more elements to your mash-up. For example, if you were making a monster on pages 4 and 5, and you rolled a 2, a 5 and a 4, the parts of the picture you'd need to put together are shown here:

And here's the monster you would make. Handsome, isn't it?

Did you know one dice is also called a die?

Why not use sheets of paper to create different combinations and to challenge your friends to see who can come up with the craziest concoction?

There are cut-out dice at the back of the book. You can fold and glue these or use plastic dice if you have some to hand.
