## Teddy Bears, Tupperware and Sweet Fanny Adams How the names became the words

**Andrew Sholl**

### Description

What's in a name? From Achilles to zeppelin, the words we use in everyday language invoke a cast of historical characters, from figures of ancient legend to modern-day sports stars. But have you ever stopped to wonder how on earth the names became the words we use so often?

How, for example, did Italian nationalist leader Giuseppe Garibaldi give his name to something so sweet as a biscuit? Who was the Gordon Bennett whose name has become an expression of surprise or displeasure? And who knew, when Odysseus set off on his ten-year voyage home in Homer's epic, that long journeys would take his name?

Behind so many words are real people with a story to tell. This fascinating book reveals the history behind the most familiar and more unusual eponyms.

### Sales Points

- This fascinating guide reveals the history behind eponyms - the people after whom a discovery, invention, place etc is named or thought to be named
- From Hoover to Sandwich and Wellington Boots to the Biro, this volume is full of surprises!
- Beautifully packaged and illustrated with quirky cartoons, this is the perfect gift for anyone with a love of words, their origins and derivations
- From the publishers of *A Certain Je Ne Sais Quoi* - over 30,000 copies sold

### Reviews

- 'Investigates the history behind many of the quirky sayings we use and uncovers a host of colourful characters and stories' - *Countryside magazine*

### Author Biography

Andrew Sholl is an experienced writer who specializes in the origins of words and names. His other books are *The Achilles to Zeppelin of Eponyms*, *The Name Game* and *Fahrenheit's Hoover*.
