

INTRODUCTION

The unicorns have had enough of Rainbow Valley. They love playing hide-and-seek, but they've exhausted all of their favourite hiding places and have decided to leave their tranquil forest in search of unbridled adventure.

Ruby, the leader of the blessing (did you know that's the name for a group of unicorns?) has carefully planned a whistle-stop tour of the best hide-and-seek sites the world has to offer. One thing is for sure, the unicorns are about to embark on the trip of a lifetime!

Can you find all seven rainbow-coloured unicorns in every scene? They are brilliant at hiding, so you'll have to search high and low!

Find the answers plus extra things to spot at the back of the book.

THE UNICORNS OF RAINBOW VALLEY

RUBY

Ruby rules the roost in Rainbow Valley. She loves organizing group trips and days out. She has a big heart and is always there to offer a helping hoof to the other animals in the Valley.

BLOSSOM

Blossom is the most sensible of the unicorns. During a game of hide-and-seek, she would prefer to be searching systematically rather than hiding behind a bush or crammed inside a log.

STARDUST

Stardust always has a smile on his face. He fancies himself as a bit of a comedian and is always cracking jokes. He's the youngest of the group and is often the first to get found in hide-and-seek because he can't stop giggling.

LEAF

Leaf is fearless. He likes adventure and can often be found exploring uncharted areas of the forest. He's always trying to entice other unicorns on his expeditions, but none of them dare follow him into the eerie shadows.

SNOWFLAKE

Snowflake is a wise and sensitive soul. He doesn't talk much, but he always finds the time to listen to his fellow unicorns and to offer advice. Snowflake is brilliant at hiding and often the last to be found in games of hide-and-seek.

LUNA

Luna is the fastest unicorn in the land. She loves racing against other animals and is excited to see just how fast creatures outside the Valley can sprint. She dreams of winning a trophy at the Fantastical Tournament for Magical Creatures one day.

AMETHYST

Amethyst is the cleverest creature in Rainbow Valley. She often has her head buried in a book and is always trying to learn new skills. Amethyst will be going to Unicorniversity next year and she cannot wait.

SIGHTSEEING

The busy city is a far cry from the tranquillity and open spaces of Rainbow Valley and the unicorns love it. Ruby's organized a packed itinerary for their day of sightseeing. There are so many attractions to see, but she's most excited about visiting the famous bronze Pegasus statue. He's so handsome.

Amethyst has downloaded the audio-guide tour, and is fascinated to learn about the history of different buildings while exploring the city on the hoof.

Can you spot all of the unicorns?

MOUNTAIN BIKING

The unicorns usually ride unicycles, so they are amazed by all the bicycles zooming past at high speed. Luna is sprinting after the other bikers. She wants to finish in first place and win the big trophy.

Daredevil Leaf is in his element, seeking out the highest ledges to jump from. The chaos of clattering wheels is too much for Blossom, though. She's sticking close to the spectators.

FESTIVAL

Ruby managed to get the unicorns tickets to a music festival. She's chatting to some roadies about life on tour, while Stardust is rocking out on stage. Snowflake is feeling apprehensive – he needs the toilet, but the portaloos are a bit 'unmagical'.

Amethyst, on the other hoof, has really let loose – she's right in the action, thrashing her mane about and strutting her stuff.
