HOW TO EXPLORE EVERYTHING, EVERYWHERE

Explore contains everything you will ever need to know to survive and thrive when travelling the four corners of the globe — from the ice caps of the poles to the dusty dunes of the Sahara.

Kids can find out everything from: how to survive going over the Niagara Falls; how to paddle up the Zambezi; how to make a snow hole at the north pole; how to land a seaplane on lake Titicaca; how to find the source of the Nile; how to spot terrible tropical diseases, and much more. It is the perfect book for adventurous kids.

HOW TO BE THE BEST TIME TRAVELLER EVER

From the Jurassic period and the dark ages to feudal Japan and the Victorian era — this book contains everything you ever needed to know about surviving any time, any place, anywhere.

Packed full of fascinating historical facts, *Time Travel* is educational as well as entertaining. It covers all the different aspects of life in a different age, including cookery, games, education and surviving diseases.

Hunt a hairy mammoth, cross swords with the samurai, make an stone-age style axe, write like an Egyptian, learn how to survive the Blitz, graduate from gladiator school, and much more.

These are the second set of books as part of the Buster Know-How series, a collection of books that teaches adventurous and imaginative kids everything they will ever need to know about getting by in this wide, whacky world.
