Are You a Grumpy Old Git? Quiz Book

Geoff Tibballs

Keynote

To discover whether you (or your loved ones) possess the grumpy gene, this quiz book has been devised to gauge your reaction to hundreds of different situations. Points are awarded for each answer and your total score indicates where you rate on the grumpy scale.

Description

For decades, experts have been puzzled by what causes many previously happy, carefree young men to become **perpetual moaners** as soon as they hit middle age. And now they have found it, uncovered the truth behind the Holy Grail of modern medicine: **the grumpy gene**.

To discover whether you (or your loved ones) possess the grumpy gene, this **quiz book** has been devised to **gauge your reaction to hundreds of different situations**, from airport scanning machines that never work to parcel delivery men who choose to ignore the address clearly marked on the label and prefer to drop off your parcel at any random house in the vicinity. Points are awarded for each answer and your **total score indicates where you rate on the grumpy scale**.

Wry, funny and wonderfully well observed, this quiz book gives you all the tools you need to test for the grumpy gene – in yourself or in the old git in your life. With questions relating to weather, work, travel, gardening, technology, relationships, family and law and order (to name but a few), no stone is left unturned to find the answer to that eternal question: Are You a Grumpy Old Git?
