

Diana In Pursuit of Love

Andrew Morton

Description

When Andrew Morton's world-famous biography, *Diana: Her True Story*, was first published, it caused a media frenzy, and shook the British Establishment to its foundations. Later revealed as having been written with the Princess's full co-operation, this international bestseller is now widely regarded as her official biography. Yet it was not the full story, as in all the sound and fury of its publication, Diana began a journey - a courageous evolution from life as a downtrodden wife and reluctant royal to a self-confident and independent modern woman. *Diana: In Pursuit of Love* follows this journey, picking up the story where Andrew's first book left off and uses new sources and material as well as a wealth of previously unpublished matter and 16 pages of stunning photos. The book reveals the stories of figures such as her renowned lover James Hewitt, her butler Paul Burrell and Prince Charles's valet, Michael Fawcett, while intriguing comments that Diana made to Morton in taped conversations become extremely important in view of subsequent events. *In Pursuit of Love* is an honest, unbiased account of one of the most admired, influential figures of our era and the definitive study of Diana.
