

Build It Sticker Book

Lauren Farnsworth (Illustrated By Lauren Farnsworth)

Keynote

Budding young architects can build their very own world within the pages of *Build It*.

Description

Budding young architects can build their very own world within the pages of *Build It*.

An innovative new concept from Buster which allows children to get creative and let their imaginations run wild.

Sticker sheets at the back of the book work as building blocks, from which children can create soaring structures, brilliant bridges and much more.

Sales Points

- Budding young architects can build their very own world within the pages of *Build It*, a new sticker book from Buster Books
- Use the stickers at the back of the book as building blocks to create buildings in a number of different styles, from skyscrapers and cityscapes to castles, ice palaces and space stations
- The colourful sticker blocks tessellate together easily, so buildings can be put together in hundreds of different ways
- Includes a handy introduction that explains how to bring this exciting concept to life
- With 10 pages of over 350 stickers

Author Biography

Lauren Farnsworth lives in London and has worked in publishing for over 10 years, after graduating from Central Saint Martins College of Art and Design.

Lauren is a managing editor and illustrator at Buster Books in Clapham. She has worked on a variety of highly successful children's books over the course of her career, including the Build It Sticker Book and the Clever Babies Love Art board book series.
