Colour, pull out and fold the 15 dioramas in this book to create your own terrific timeline of human history. From an ancient Egyptian tomb to a medieval joust, and an Apollo moon landing to a towering Aztec temple. Each page features die-cut detail and runs in chronological order, showcasing history's most incredible civilisations, major events and epic moments.

Each history-themed page can be pulled out of the pad and filled with colour. Characters and objects within each scene can then be folded up to create a stunning 3D scene. There are fun facts on the back of each page, so children can learn all about the iconic scenes and ancient civilisations they are colouring.

Scenes include: Ice Age Settlement, Aboriginal Settlement, Ancient Egyptian Tomb, The City of Babylon, The Acropolis, Terracotta Army, Gladiatorial Arena, Viking Longboat, Medieval Joust, Samurai Warriors, The Black Death, Aztec City of Tenochtitlan, Native American Settlement, World War I Trenches and Apollo 11 Moon Landing.

**John Paul de Quay** originally trained as a biologist and environmental scientist at the University of Sussex, before turning his hand to illustration. He uses his creative talents to help people engage with science and natural history, bringing humour and energy to these disciplines.
