Jake

In 2003, Jake, a twelve-week-old Staffordshire bull terrier cross from Merseyside, was taken to the vet when he began vomiting and trying to keep his body in a straight line. X-rays showed that he had a seven-inch knife running through his body, with the plastic handle at the base of his pelvis and the metal point at the top of his throat. Jake had swallowed the knife whole. The vet operated immediately and Jake was back to his usual self within days, much to the relief of his owner.

Old Mother Hubbard

Old Mother Hubbard
Went to the cupboard
To get her poor doggie a bone,
When she got there
The cupboard was bare
So the poor little doggie had none.

It has been speculated that the Old Mother Hubbard of this verse refers to Cardinal Thomas Wolsey, one of the most important statesmen during the reign of Henry VIII.
