LOM Art

- A beautiful, practical and nostalgic step-by-step drawing book for budding artists and illustrators.
- Originally published in 1935, this beautiful book remains hugely relevant and useful for artists today.
- The principles of illustration are broken down into simple step-by-step instructions, suitable for any age to follow.
- The follow-up to *What to Draw and How to Draw It*.

Although you may never have heard of him, **E. G. Lutz** is the author, animator and cartoonist who inspired Walt Disney to start drawing and pursue a career in animation. A brilliant newspaper columnist, Lutz specialized in cartoons, drawing animals and designing optical toys for children to cut out and make.
