Finger-play activity books for young children from new talent Lucie Sheridan.

Find Me features simple lift-the-flap activities that can be completed by little hands. Find the cute creatures hiding in playful scenes and on the final page reveal the animals that have been found along the way! *Tick Tock, Tick Tock, who's crept inside the cuckoo clock?* Rhyming text and sound inspired words encourage children to interact with each scene and lift the large flaps to find out which creature is hiding underneath.

Follow, point, press! *Follow Me* features easy puzzles that can be completed using just a finger. Children can interact with the bright, bold artwork to complete simple activities using their fingers. Follow the wiggly dog to pat him on the head, help the butterflies get to the flowers, and lots more. With tactile embossing on every page, these activities are perfect for encouraging the development of fine motor skills.

Lucie Sheridan is an illustrator and screen printer based in Bristol. Alongside making and selling her own prints and greeting cards throughout the UK, her recent clients include Penguin Books, Conran Designs and Heals.
