

How to Think Like Mandela

Daniel Smith

Description

Nelson Mandela was one of the few men in recent history who genuinely changed the world - how we think about our place in society among other ethnic, political and religious groups and how perseverance, moral conscience and honest dialogue can help us achieve anything. Throughout his long life, he faced struggles against odds and opposition many of us can only begin to understand, was imprisoned for decades for his beliefs, yet ultimately stood by them and saw them vindicated by a nation.

How to Think Like Mandela teaches us how he accomplished his achievements, his methods, his speeches, the many forms of opposition, both peaceful and non-peaceful, that he employed to reach his ends and why he fought in the way he did. Comprehensive and informative, this is the ideal book for admirers of this great man.

Sales Points

- Learn how to think like Nelson Mandela, one of the twentieth century's great revolutionaries and the most inspiring statesman of our time
- Understand how Mandela thought and fought for freedom during the apartheid in South Africa
- The perfect gift for admirers of Mandela's philosophies, politics and actions and part of the same series as *How to Think Like Steve Jobs*
