Ela Jarzabek lives in Katowice, Poland. She graduated from Cracow Academy of Fine Arts with a Master's Academy degree in Graphic Design and a Second degree in Painting. Since then she has worked as a freelance illustrator. She loves working on watercolour paper with gouache, acrylic paints, and coloured pencils and creating illustrations with funny characters that are bright and colourful.

Hannah Wood grew up in the Netherlands and Norway. Returning to England she studied politics and history at university. Finally she saw the light and after a spell as a graphic designer followed her first love- illustration. Illustration styles and techniques never stand still and Hannah's styles and techniques are always evolving. She lives in a little quaint village in the middle of England with two cats and an ever growing collection of 50s ephemera and cook books.
