

The CONTENTED *Little* HUSBAND

SAY GOODBYE TO TEMPER TANTRUMS AND UNHELPFUL HABITS

Tess Read

Odd socks lying around the house, unmade bed, loo seat always left up? Fear not – The Contented Little Husband is here to help you and the lovely boy in your life live happier and more fulfilled lives, no longer surrounded by piles of his dirty washing.

The Contented Little Husband is a tongue-in-cheek guide packed with countless ideas for looking after your darling chap, such as how to create a man shed, or man drawer if budgets are tight.

Includes such useful advice as: how to wear him off bad habits and unsuitable friends; how to get your DIY damn well done; and dealing with Manflu – useful advice on how to fake sympathy.

Because you know what they say... behind every great woman is a Contented Little Husband.

Publication Date: 27th October 2016

Format: Hardback, Michael O'Mara Books

Price: £7.99

Whether it comes to working out who takes out the rubbish – him – and who makes the dinner – preferably him – and who makes the bed – realistically, you – a routine around each homely behaviour can make your Husband a contented, compliant soul who is nice to have around the house. And that makes for a Contented Little You!
