Sea shanties are at the heart of maritime song and make up a unique part of the history of sailing sailing. They have been performed with great gusto since the days of the regal galleons and are still sung today by the crews of tall ships and fishing vessels. They have become a part of the cultural identity of the sea, not only in the UK but around the world, and are loved by music lovers for their rhythmic beat and feel-good nature.

Dubbed ‘Pirate TikTok’, the sea shanties craze has taken hold of social media platforms around the world. The simple, upbeat songs of the sea have struck a chord in troubled times and, given their history and purpose, it is hardly surprising. Composed and performed by sailors to ensure the rhythmic operation of the hauling and heaving on board huge merchant vessels, shanties were about camaraderie, positivity and motivation. Life at sea was harsh, and these songs expressed some much-needed humour into maritime life.

The lyrics and fascinating history of some of the best-loved shanties, dating back as early as the seventeenth century, are brought to life in this wonderful collection.

HELP A THIEF!
AND OTHER MISADVENTURES IN PUNCTUATION
CAROLINE TAGGART
Bestselling author Caroline Taggart brings her usual gently humorous approach to punctuation, pointing out what really matters and what doesn’t.
The trouble with punctuation – well, one of the troubles, anyway – is that too many of the experts suggest leaving it to the writer’s judgement. What use is that if you’ve simply never been taught the difference between a colon and a semicolon, or where those wretched apostrophes go? Full of funny, silly and just plain daft examples of misuse, Caroline Taggart embraces the evolution of language and punctuation – but knows where the line must be drawn!
